FROM SAN FRANCISCO. A Heavy Judgment—Man Killed—The O'Neil Case.

San Francisco, Sept. 28.—Martin White has secured a judgment against Annie Merrill and others for \$146,575, on a breach of contract for the delivery and reimbursement of certain shares of the Martin White mining company. Patrick Hayes, an old resident and capitalist of Oakland, was killed by the explosion of a dynamite mine. He was walking on the track and failed to hear the approach of the train. The blow received was terrible as the body was mangled almost beyond recognition. He is stated to have no heirs, the public administrator has therefore taken charge of the estate.

O'Neill, who threw a lighted oil lamp at his wife, causing her death, has been held for murder. His son, who is the principal witness, testified that his father asked his mother where a certain boy of Ingalls' works was. She replied that she did not know, remarking at the same time that he might be better employed than reading works on infidelity. This so provoked him that he threw the lamp at her.

The railroad managers now in conference in this city have agreed to let the contract system another year.

MILLIONS IN IT. CHICAGO, Sept. 28.—A meeting of the Chicago stockholders in the People's R. Co. of America was held tonight, for the purpose of forming a local organization. It was stated that there are forty-three subscribers in the city to 2,000 shares, at \$50 per share, of which the first payment of \$25.00 per share has been paid. As there were only seventeen stockholders present at the meeting it was adjourned until after appointing committees to nominate officers. The People's R. Co. of America was organized in Indianapolis, some months ago, with an authorized capital of \$175,000,000 for the purpose of building a railroad across a large portion of the continent, on the mutual plan, each share to be assessed not to exceed \$250, and to be redeemed when the line was built. The agent of the company has been here a month taking subscriptions to the stock.

Terrible Accident. DENVER, September 28.—The Tribune's Sagamore (Col.) special says: Yesterday afternoon, while Captain Hawkins, an old gentleman, and two little girls were out driving, all three were thrown between the horses. Blanche, six years old, was instantly killed by a kick from one of the horses. The other little girl escaped with slight injuries. The driver, Captain Hawkins, was picked up horribly mangled and will die.

Newspaper Rates. NEW YORK, September 28.—The news dealers of the West Side have unanimously resolved to enter an action against outside news dealers regarding the prices to be charged for newspapers. New York Democracy. BUFFALO, Sept. 28.—It was agreed that the State committee should have the power to divide the district into a member from a district where there is a tie vote, except in New York City. On motion, Crady, Tammany, decided that the county Democracy shall name four of the members from New York City. Tammany Hall and Irving Hall adjourned.

Parnell not Assassinated. LONDON, Sept. 28.—The report of the shooting of Parnell is false. Parnell is now in England.

Unfortunate Fishermen. ST. JOINS, N. B., Sept. 28.—The bark Orient, at Chatham, picked up three fishermen in a dory on St. Pierre Bank. They had been out six days from their vessel. One of the unfortunate had opened a vein in his arm from which he sucked blood so as to quench his thirst.

Veteran Mr. Louis Editor Dead. ST. LOUIS, Sept. 28.—Information was received here last night that Colonel George Knapp, senior proprietor of the Missouri Republican, died on the 18th instant, at the age of 80 years. For more than fifty years, in various capacities, from apprentice to editor and to proprietor, he was connected with the Republican.

Sale of the Alta—Room for Justice

The Gray Lady Disgrace—A Chamber Sentence to Death—San Francisco News.

San Francisco, Sept. 28.—As soon as the jury in the Gray case had submitted their disagreeing verdict this morning, an effort was made to find jury Donnelly, who stolidly voted for acquittal.

His reasons, as he gave his colleagues to understand, were that the Commissioners should have watched their secretary as a merchant does a clerk, and that they should not have been so easily deceived by the crime of their omission.

It is stated by good authority that Donnelly had been out for acquittal on general principles, being opposed to the present administration, and being an enemy of Attorney General Marshall and Captain Blount.

An arrangement has been effected with the Southern railroad by the Southern Railway Company, and the Ad Society to run a series of excursions to California.

The first excursion will leave New Orleans to-morrow and will arrive here on the 1st of October.

An important decision to find guilty was rendered to-day by Judge Hunt. The case was that of the Trustees of the Cutting Packing Company to recover \$3,500 damages for failure of defendant to deliver a certain quantity of apples under a contract of sale.

In 1881, the plaintiff agreed to sell and defendant to buy plaintiff's crop of apples, exceeding 300 tons annually, for five years netting, at three cents per pound. Defendant received 115 tons of the season of 1882, on the ground that the apples were immature and unmarketable.

The evidence showed that the apples in question were of inferior quality, worth one and one-half cents per pound, while good apples were selling three cents per pound. Judgment was given for the defendant.

Backus Hamlin, the gambler, who shot John A. Massey, another gambler, last year, was today sentenced to death by Superior Judge Tuley. The evidence showed that the prisoner was moved by the prospect of a large sum of money, and that he was a habitual gambler.

A New York Times Washington correspondent says that Justice Miller is about preparing a book for his Republican nomination.

San Francisco, Sept. 28.—The sale of the Alta California to ex-Lieut. Governor Johnson and the group of capitalists he represents was consummated this morning, and the property turned over to the new owners.

San Francisco, Sept. 28.—Daniel W. Gelwick has been appointed prison director.

San Francisco, Sept. 28.—A Sacramento special says it is rumored that Kime, appointed prison director in place of Irving M. Scott, will decline, as he said it will be fatal to the future political aspirations of any member of that party who accepts.

San Francisco, Sept. 28.—A Bulletin special from Mexico City, regarding the extent of the yellow fever on the Mexican coast, says that there is a universal panic at Hermosillo. On the 26th there were 12 deaths recorded between 8 a. m. and 10 p. m.

It is estimated that one thousand people are down with the fever, 75 per cent. of the houses there are one or more sick. The heat is oppressive, ranging from eighty-six to a hundred and six. Nipples had eleven deaths last night.

The Chinese yellow fever is diminishing, only eight deaths since the 24th. No new cases reported. Other points in the valley a few cases, generally in mild form.

St. Louis, Sept. 28.—The Grand Jury made a report this afternoon in which they stated that a ring existed in the city, formed by gamblers and notorious individuals, who used money and threats to corrupt the police and judges.

They reported that the Police Commissioners had given blank resignations to the corrupt police and judges.

They further declared that Governor Crittenden has the power and it is his duty to investigate.

More Protection Wanted. PITTSBURGH, Pa., Sept. 28.—John J. Jett, the retiring President of the Amalgamated Association, has been employed by the American V. Iron and Tin Plate Association as General Managing Agent, to take charge of the matter in making up high tariff in favor of this industry, which is almost wholly unprotected.

Train Robbers in Indiana. WATNE, Ind., Sept. 28.—The express car of the Pacific Express Company on the Walshaw road, bound west, was broken into by three masked men. The express messenger, Ben Loomis, was bound, gagged and the safe robbed of \$15,000 and all the other valuables in the car.

The robbers escaped after locking Loomis in the car, whence he was released on the arrival of the train at Peru. No clue to the robbers.

Another Suicide. STOCKTON, Cal., Sept. 28.—The body of Daniel Lewis was found hanging by the neck in his barn, at Linden, this morning, at 4 o'clock.

Mr. Lewis was a delegate to the Constitutional Convention from this county, and soon afterwards became deranged. He was discharged from the asylum last June. He had been there two years. He was an old resident of this county, and highly respected.

Another Railroad Accident. CHICAGO, Ill., Sept. 28.—On the Chicago and Alton railroad, in the neighborhood of Louisiana, Mo., George B. Bush, of Ogden, Utah, agent of the Brewing company, fell, or was thrown from the cars, run over and killed. The fact was not discovered till the train reached the round house in Illinois. He had two daughters, aged 10 and 12, on board, who were, to day, forwarded to their friends at Watertown, whither they were going.

Another Fatal Crank. NEW ORLEANS, Sept. 28.—Geo. McGoff sent for Dr. W. G. Ryan this evening, his wife being sick. When the doctor arrived, Mrs. McGoff denied being sick. McGoff got mad, fired two shots at Ryan, missing him, and then shot himself, inflicting probably a fatal wound.

Having just received an elegant stock of New Spring Goods, comprising all the latest French and Paris fashions, and having engaged a First-class Milliner, from New Orleans, to make up the latest of the season's special inducements in Fashionable Dressmaking.
